Injy - I love online shopping!

Shopping online is great! Firstly, it saves my time. I don't want to spend lots of time travelling to the shops. I can stay at home and buy the things I want in a few minutes. Secondly, I have more choice online. Also, if more people shop online, there will be fewer cars on the road and less pollution! I will do all my shopping online when I am older.

Baher - I prefer going to real shops in my city

Every time I buy clothes online, the thing that I buy is wrong! At a shop, I can see what I am buying and I can try it first. Also, I don't like to waste time waiting for a delivery – I want things now! If everyone shops online, the shops in our town and cities will close. If they close, then lots of other businesses like cafes will close, too.

By H G Wells The Time Machine

London, England, 1895

A group of friends meet for dinner at the Time Traveller's house. After dinner, the Time Traveller asks his friends if they think that it is possible to travel through time. " It's impossible!" they reply, " We can only travel through space, not time". The Time Traveller shows them a small model of a machine that he has in his hand. " This is a copy of a machine that I believe can go through time. It took me two years to build", he tells them. The friends laugh. " Pull this lever," he tells one of them. They feel some wind and then the machine suddenly disappears! " Where is it?" the other men ask. " The model machine is in the future," the Time Traveller says. " Would you like to see the real machine?" he asks. He takes them to another room. Inside the room is another, bigger machine. It is not finished. " In this machine," he says " I will explore the past and future!"

Debate about : All computer games are bad for you

Hanan : Do you think that all computer games are bad for you, Lama?

Lama : In my view, not all computer games are bad. Some of them can help you to learn things.

Hanan : I agree. If you don't play computer games all the time, it shouldn't be a problem.

Lama : In my opinion, playing games late at night stops you sleeping.

Hanan : I agree. It is not a good idea to play games late at night though.

Lama : Yes, It's a good idea to only play quiet, calm games in the evening.

Hanan : If you only play games that teach you things in the evening, it should be fine.

Narrator What do you use when you want to find out the time?
Do you use a watch or do you use a clock?
These clocks either use numbers to tell the time or they use hands. These hands show hours, minutes and seconds. But how did people know the time in the past? In Ancient Egypt, people used sundials. Sundials use position of the sun to tell the time. Then, in the year 1524, a scientist from Damascus called Taqi al-Din invented a watch that looked like watches of today. It had three hands to show hours, minutes and seconds. It was also small, so people could carry it with them.
But watches today don't only tell you the time. Some watches will say that you should do exercise if you are sitting at a computer for a long time! And some have apps, such as maps, that will give you directions if you are lost. What will the watches of the future be like? Some will be like modern mobile phones. If someone calls you, you will be able to see them on a special video screen.
And some will look after your health. They will tell you what medicine you should take if you are ill, or that you should see a doctor.

What I eat

My name is Imad. I am allergic to nuts , so I must be careful what I eat. If I eat something with nuts in it, I will get ill! for most of the time, this is not a problem. However, I like sweet things, and there are a few types of cake that have nuts in them, so I can't eat those. I am lucky because my mother makes me many different delicious things to eat at home. She says I should eat more vegetables and salad. I have a lot of fruit, and that's healthy!

I am Mustafa. I am on the school athletics team and I go running every day, so I need food that gives me energy. I eat a lot of rice and pasta every day. I also eat a few healthy snacks, like nuts. After athletics practice, my friends and I sometimes get some fast food, like pizzas, on the way home, but I try not to eat too much!

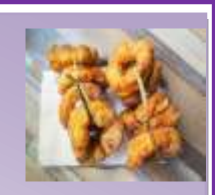

Hi Tom,

How are you? Thanks for your last email. You asked me to describe my favourite snack. I love hawawshi and I often have it when I get home from school. It is easy to make. First, you need some nice bread. Then you put some meat and vegetables inside the bread. You can put some salt on it, too. I don't like to have any salt, though, because it is not very healthy. Now you cook it in the oven. It is delicious! Do you have any favourite snacks? Describe them to me in your next email!

Best wishes,

Osama

Listening Text

Speaker (1) Sfenj is a kind of cake from Morocco. It has lots of sugar and fat in it and is very sweet, so it is not very healthy, but I love it! We sometimes east Sfenj for breakfast and sometimes as a snack with some tea or a cup of coffee.

Speaker (2) In many places, people use fava beans to make falafel. They are the best! Falafel is really delicious and it is very popular in Egypt.

Speaker (3) In Britain, we often buy chips from a fish and chip shop. People often put salt on their chips. I don't put any salt on mine because I don't like salty food. It is not very healthy.

A healthy diet

It may surprise you to know that West African countries have one of the healthiest diets in the world. Why is this?

Firstly, people in countries such as Senegal, Mali and Sierra Leone eat a lot of fruit and vegetables, which are very healthy. Furthermore, the people eat a lot of rice, nuts and fish. These have a lot of protein.

Another important point is that the people of West Africa don't eat much food with a lot of salt and sugar in it.

To conclude, a healthy diet means eating enough healthy things like fish and vegetables, and not eating a lot of salt, sugar and fast food.

The Okinawan diet

I come from Okinawa in Japan and the diet on my island is very healthy. This is for three reasons. Firstly, we eat a lot of fresh vegetables. We eat green purple and yellow vegetables like spinach, sweet potato and peppers. Furthermore, we don't have much fat in our diet: we only eat a little meat and a few dairy products. Another important thing is that we eat a very healthy breakfast. We have soup with spinach or egg with rice, and this gives us lots of energy to start the day. As you can see, our diet is healthy. That's why Okinawans live a long time. Some of the oldest people in the world live on my island.

Videoscript

Narrator There is a lot of delicious, healthy Egyptian food. Dishes like Kushari and Rozz Me'ammar are enjoyed by many in Egypt and around the world. But which Egyptian food is good for you before and after you play sport?

Ful medames is a dish made of beans. People usually eat this with a little bread. The beans and the bread contain something called carbohydrate. Carbohydrate gives you energy to do sport.

Review of the Museum of modern Egyptian Art

by Wagdy Badr

Last month, I visited the Egyptian Museum of Modern Art in Cairo. Egypt is famous for its Ancient art, but I was interested seeing art by Egyptians from 20th and 21st century. In my view, the artists were really good because they showed what life was like in Egypt in the past and now. There were portraits of both important and normal Egyptian people. I thought the cartoons were also really cool! I saw lots of sculptures, both big and small. My favourite thing in the museum was a painting called Al Madina by Mahmoud Said. It made me feel happy because it was very colourful. The best thing about the museum is that it is free to visit! I recommend visiting it if you are in Cairo, but it is a good idea to go early when it is not very busy.

Review of the Textile Museum in Cairo " by Injy Zaki"

Last month, I visited the Textile Museum in Cairo. The museum has lots of clothes from different times in history. I thought the clothes from Ancient Egypt were fantastic. In my view the statues showing people wearing the clothes really teach you about life in the past. My favourite thing was the Islamic area where you can see different kinds of calligraphy. I recommend looking at the clothes from other countries, too, such as Iran. They are very interesting. If you want to take photos, it is a good idea to take a good camera, because the museum is quite dark.

The Al Nour Wal Amal Chamber Orchestra

The Al Nour Wal Amal Chamber Orchestra is at school for blind girls in Cairo. Eman Badr one of the musicians. She is able to play the violin very well. She started playing when she was six. Eman became blind when she was two years old. She likes playing in the orchestra because she loves music and being with her friends. Recently, she visited Oman and France with the orchestra. I think the orchestra is amazing. It must be very difficult to read music with your hands and then remember it. I would like to go to one of their concerts.

Little women by Louisa May Alcott

Meg, Beth and Amy were sewing when Jo came into the room with a newspaper. She sat down and started to read it. " Anything interesting?" asked Meg. " Oh, only a story," Jo replied. " What is it called?" asked Beth. She wondered why Jo was hiding behind the newspaper. It is called the Rival Painters, " said Jo. "Why don't you read it to us?" asked Amy. Jo started to read it very quickly. The girls listened carefully. The story was very sad. " I liked it," said Meg at the end. She was crying a little. " Isn't it strange that the characters are called two of our favourite names?"
Beth saw Jo's face. " Who wrote the story?" she asked. Jo jumped up, threw the paper down and said, " Your sister!" " You?" shouted Meg. It is very good!" said Amy. " I knew it! I knew it! Oh, I am so proud!" said Beth, hugging her sister.

A review of Jurassic World

Jurassic World is an adventure film. The stars of the film are Chris Pratt and Bryce Dallas Howard. It is about a theme park where scientists have helped dinosaurs to live again! Then some of the dinosaurs escape. What will happen?
I thought the action was exciting and my favourite thing was the scary dinosaurs, they look very real. But, in my opinion the story isn't very interesting or new. I recommend this film if you like exciting and scary films, but not if you want a good story.

Lord of the flies is an adventure story. It is by the British writer William Golding. It is about some schoolboys who have to live on an island after their plane lands in the sea and the pilot dies. How will the boys live on the island , and will they escape? I thought the action was exciting and many amazing things happen to the boys. My favourite part was early in the story, when the children enjoy their time on the island. But, in my opinion, some of the children are horrible and I didn't like them. I recommend the book because it makes you think about what it is like to live only with other children, but it is not a very happy story.

Review of Julius Caesar

Last night, I went to see Julius Caesar. It's a play by the English writer William Shakespeare, but it's about a Roman ruler. Caesar's acting made him look very important! The costume was amazing and it really looked like Ancient Rome.

In my opinion, the story is very sad and I cried at the end. From my point of view, the actor who played Caesar was the best but all the scenery was very good I will never forget this play , but there wasn't much action ;it was mostly talking. And it was three hours long! If you watch a Shakespeare play, you should know that the language of the script is different to modem English so it can be difficult to understand, but I liked it.

HELP WITH SPECIAL CONCERT AT CHILDREN'S HOSPITAI

You don't need to know how to play an instrument or sing, but we need people who can paint scenery, help with make-up and costumes and help the children before and after the concert. Email Mr Zaki, the music teacher, If you would like to help.

He only has 4a few / a little time to get to the bus stop. He is carrying 5 a few / a lot of things! Do you think he will catch the bus?

1-The people look like they are from Ancient Egypt because the costumes are very good, but the person who painted the scenery didn't know how to paint! It was very long, and I didn't like the music. I wouldn't recommend this.

2- The articles are always really interesting to read and they have fantastic photographs I really like the scenery because they make me laugh! If you want to learn about the world today, you should buy this!

3- From my point of view the best place to find out about life in the last century. There are interesting scenery and some other amazing old technology. I loved the big, old sculptures.

4-The story was very slow and there was very little action !.I didn't really enjoy it because it made me feel sad. The best thing about it was learning what it is like to be blind. That must be very difficult.

Clothes in Ancient Egypt

In Ancient Egypt, men and women wore similar clothes. They both wore loose, white linen clothes with a belt. Most of the time, Ancient Egyptians didn't wear shoes but people sometimes wore expensive leather sandals. Children didn't usually wear many clothes until they were six years old. Then they started to wear the same clothes as their parents. Although Ancient Egyptians' clothes were simple, they loved to wear heavy, metal jewellery. Like some people today, they loved to wear beautiful gold necklaces and other jewellery.

The rivers in Kaziranga National Park in India often flood and the problem is getting worse because of climate change. Later this year, I am going to help my father to save wildlife from the flood water. This can be dangerous, but my father works in the park and he knows how to keep me safe! There is a lot of air pollution from the traffic in our

city and this is very unhealthy. Trees are good for the environment and help reduce air pollution - so next week, we are going to plant trees on the roof of our school and make a school roof garden.
I love phones, but I know that throwing away old phones can be bad for the environment. I started a project in school to recycle mobile phones. From tomorrow, people are going to bring us their old phones and we are going to reuse parts from them to repair other phones.

Wadi Rum

Wadi Rum is a large area of desert in the south of Jordan. It is a very beautiful place with mountains, desert plants and wildlife. Unfortunately, Wadi Rum has some environmental problems.

Tourists help the local people make money, but when tourists go trekking in the desert, they often have rubbish, too. Some tourists drive across the desert in cars, they don't use roads or paths, but drive wherever they want to and this can damage plants and wildlife. The hotels use lots of water which can be a problem in the desert. But, they are building new hotels so even more tourists will go there. Another big problem is hunters who kill the desert animals. They shouldn't do this, but there aren't enough people to stop them. There is much less wildlife now than in the past and soon there won't be any.

Fantastic green inventions by teenagers

Green inventions are environment - friendly. These inventions present solutions to environmental problems without damaging the environment. Boyan Slat was a student in Holland when he invented a system to take plastic rubbish from the sea. There is a lot of plastic in our seas, which kills lots of wildlife.

Boyan's system is called Ocean Cleanup Array. It uses machines whose arms have lots of filters on them. These filters take the plastic out of the sea water, without hurting sea life.

Deepika Kurup was 14 when she invented a green system for cleaning water and

making it safe for people to drink. When she visited her grandparents in India. Deepika saw children drinking water from a dirty canal. Before this, systems for cleaning water were expensive and used dangerous chemicals which pollute the environment. Deepika's system is cheap and uses light from the sun to kill bacteria in water.

Five Egyptian students from STEM Schools were able to develop an app to help small farmers save water and energy. In this app, farmers complete a simple form with information about farmlands. This form is connected to a smart app which tells farmers the right amount of water that they need to irrigate their land. The app also determines the amount of energy and the number of workers the lands need, according to their location and the season.

Listening Text

Scientist : Drones can fly, but they don't need a person to fly them: we can use remote control. This means we can control drones from the ground. In the future, drones are going to help solve some environmental problems.

Boy : Really? How can we do that?

Scientist : Well companies are going to use drones a lot instead of lorries to make deliveries. This is going to help the environment because drones don't make much noise and they don't cause as much air pollution as lorries.

Boy : That's interesting.

Scientist : Yes, and we are also going to use drones to help wildlife. Drones can fly over places where people can't go. We can see if there are any problems. For example, we can use drones to help save wildlife after floods or fires.

Dear Nahla

I am having a fantastic time with my family in Siwa. Today, we had a picnic on Fatanas Island.

At the moment, I am sitting by the water and watching the sunset. It is very beautiful. We are staying with my parents' friends and they are kind. When we arrived the day before yesterday, it was very late. They still wanted to get up and make us dinner and they bring us fresh dates for breakfast every day.
Yesterday morning, we visited Shali Fortress and Siwa Museum. I have always wanted to go there. I learnt such a lot of history in one morning. Tomorrow, we are going to visit the Siwa salt lake. I am looking forward to visiting it. It sounds really interesting.

Fares

My name is Fares. When I was young, I didn't use to like studying. But, one day, I failed an exam. My father was disappointed. He said that one day he wanted me to be the manager of our family shop. He explained about all the skills that I needed to work there: maths, reading, writing and English. Now I am working hard to pass my exams so I can make my family proud.

Next year, I am starting secondary school and I will continue to study hard!

Nevine When I was nine, I was playing with my sister when I fell and hurt my arm. The doctor at the hospital was so clever and kind, so I decided I wanted to be a doctor too! I know it will be hard to achieve my dream. I need to go to university and pass lots of exams. My uncle lives in the USA so I am going to study there when I am older and then I want to come back to Egypt and work in a hospital.

Asking for advice

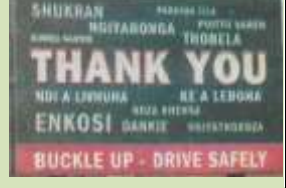

Can anyone give me some advice? I have an older sister (she is three years older than me) . We used to be best friends, but now she doesn't want to talk to me very much. She is always on the internet or talking to people on her phone. She tells me to go away if I try to talk to her. I miss being friends with her. How can I get her to spend time with me again? Please give me some advice!

Yours,

Radwa

Multilingual Africa

Experts believe that there are more than 2,100 languages spoken in Africa. Many African people speak three languages: their dialect (or home language), the national language and another European language such as English, French or Portuguese that they learn at school. This means they are multilingual. Of course, many people speak more than three languages ! People who speak different language have lots of advantages. If you speak more than one language, you can talk to different people in different places and in different ways. When you are multilingual, you are able to understand both your home and the world better.

It also gives people different identities. If you speak your home language, it connects you to your community. Your national language connects you to your country and all the other people in it. An international language, like English, connects you to an international community.

Listening Text

Munir : Radio presenter, should sound lively and bright.
Dr Ahmed : Older, University professor, more serious sounding
Munir : What do you know about animals? Do you think they understand you? Today I am talking to Dr Ahmed who is going to tell us about how animals communicate.
Hello Dr Ahmed.
Dr Ahmed : Hello.
Munir : Let's talk about animals that you often see on a farm. My brothers is a farmer and I think that his cat understands him sometimes. Is that possible?
Dr Ahmed : I am sure the cat understands when he is angry and understands words like dinner for example.
Munir : But of course, the cat can't talk to him.
Dr Ahmed : No, animals can't speak in the way people can, but animals like birds can copy sounds. But animals do communicate, both to us and to each other. One way animals communicate is by using body language. For example, horses touch noses to say hello to another horse they like and bees dance when they find a good flower.
Munir : So can I learn to communicate better with animals then?
Dr Ahmed : In my view, It is important to watch and listen to what animals are trying to tell you. You should be careful about how you use your body and voice. So, If an animal is scared, you should move slowly and use a soft voice. How about listening to the way your cat makes a noise? Does it sound different if it wants some food? I think it will!

When we taste food, our mouths tell us if the food is sweet, salty or spicy. But why do some people like some types of food and not others? There are many reasons. For example, some people don't, like a type of food because they remember being ill after they ate it. However, it is believed that you can change what you like. We often don't like unusual food because our brain doesn't understand it. So if you want to start liking food that is healthy, such as green vegetables, you should eat it more often. Then your brain will recognise it. You can also train your brain not to like something.
